

Worship Resource Training Program

Thank you for your interest in the Worship Resource Training Program. The HCC worship team is committed to investing time into interested church members by assisting them in learning a musical instrument, and most importantly the lifestyle of worship.

This program is designed to be a self-motivated, worship team supported program. Program participants will be provided with an online resource for a curriculum, and worship team mentors will meet with the participants to help guide, reinforce, and monitor their progress.

Program requirements:

- Working instrument (owned or borrowed)
- Internet access (fast enough to play videos)
- Be self-motivated
- Have time

Program Outline:

- This program is intended to assist motivated participants in learning an instrument on their own with the guidance of a mentor
- Individuals will have 24-hour access to the online resource and will be responsible to work through and complete the modules as assigned by their worship team mentor
- The first month the participant and mentor will meet once a week (day and time will be coordinated by mentor)
- The second month the two will meet twice
- The third month, and on, the two will meet monthly
- The mentor will be available by phone for support and to answer any questions that may arise in between meetings.

Slots for the Worship Resource Training Program are limited and will be filled on a first come first serve basis. Once the slots are filled, the remaining applicants will be placed on a wait-list. Individuals on the wait-list may be contacted if a participant completes the program (3-4 months), is no longer able to participate, or more mentors become available. If you are interested in applying for the Worship Resource Training Program, please complete and return the attached application to the worship pastor/pastor.

Worship Resource Training Program Application

Name (First, Last): _____

Email Address: _____
